

# Refugee Week 2023

---

## Hilda Guzman's story

Preschool Educator

Australia is my home now.

I arrived 36 years ago, having been exiled from my birthplace, Chile.

Arriving as a political refugee in an unknown place with no belongings, family or language I felt nervous and anxious but had so much freedom at the same time.

Australia has provided me with many opportunities to grow, raise children, study, and make lifelong friends. Australia has given me freedom and happiness.
